## INVENTORSHIP IDENTIFICATION

WARNING: If the inventors are each not the inventors of all the claims, an explanation of the facts, including the ownership of all the claims at the time the last claimed invention was made, should be submitted.

My residence, post office address and citizenship are as stated below, next to my name. I believe that I am the original, first and sole inventor (If only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter that is claimed, and for which a patent is sought on the invention entitled:

# TITLE OF INVENTION

METHOD FOR WIRELESS DATA EXCHANGE FOR CONTROL OF STRUCTURAL APPLIANCES SUCH AS HEATING, VENTILATION, REFRIGERATION, AND AIR CONDITIONING SYSTEMS

# SPECIFICATION IDENTIFICATION

the specification of which: (complete (a), (b), or (c)) (a) Is attached hereto. NOTE: "The following combinations of information supplied in an eath or declaration illed on the application filing date with a specification are acceptable as minimums for identifying a specification and compliance with any one of the Items below will be accepted as complying with the Iduntification requirement of 37 CFR 1.63: (1) name of inventor(s), and reference to an attached specification which is both attached to the oath or declaration at the time of execution and submitted with the oath or declaration un filling; (2) name of inventor(s), and attorney docket number which was on the specification as filed; "(3) name of inventor(s), and title which was on the specification as filed." Notice of July 13, 1995 (1177 O.G. 60). was filed on <u>October 6, 2000</u>, as XXSerlal No. 09 / 684,174 (b) XX or  $\square$  . (if applicable). and was amended on . NOTE: Amendments filed after the original papers are deposited with the PTO that contain new matter are not accorded a filing date by being referred to in the declaration. Accordingly, the amendments hydroded are those filed with the application papers or, in the case of a supplemental declaration, any those amendments claiming matter not encompassed in the original statement of invention or claims. See 37 C.F.R. § 1.67. NOTE: "The following combinations of information supplied in an oath or declaration filed after the filing date are acceptable as minimums for identifying a specification and compliance with any one of the items below will be accepted as complying with the Identification requirement of 37 CFR 1.63: "(A) application number (consisting of the series code and the serial number, e.g., 08/123,456); "(B) serial number and filing date; "(C) attorney docket number which was on the specification as filed; "(D) title which was on the specification as filed and reference to an attached specification which is both attached to the calh or declaration at the time of execution and submitted with the cath or declaration; or "(E) title which was on the specification as filled and accompanied by a cover letter accurately identifying the application for which it was intended by either the application number (consisting of the series code and the serial number, e.g., 08/123,456), or serial number and filling data. Absent any statement(s) to the contrary, it will be presumed that the application filed in the PTO is the application which the inventor(s) executed by signing the oath or decluration."
